## DESKO mini MPR

### The Compact Document Reader for Monitor Mounts and Desktop

The DESKO MPR single slot reader – the standard for manual OCR and MSR readers for years – has just been made more compact and easy to use. The new mini MPR is the modern and optimized reader, setting the standard not only for desktop but also for mobile or mounted applications.

USB or serial interface and e-Passport reading option protect your investment and make the mini MPR the product of choice for security, airports and airlines around the world. Be prepared for the future of your business!

#### Your Advantages

- Compact document reader for monitor mount, desktop or mobile applications
- OCR & MSR swipe reader
- Single slot design
- Bi-directional swipe
- High-speed USB
- No external power supply required
- Minimal desk space required
- Optimized for integration and mounted designs

## mini MPR

### System Approach

Small, versatile and easy-to-use, the mini MPR combines all reading functions in one device. No power supply is required, there are many interface options, and magnetic stripe reader (MSR) and passport reader (OCR) are in one slot. Optional

modules as smart card reader and RFID module are available on request. The mini MPR is the reliable hardware for your customer service or travel, banking and security applications.

### Features & Options

- **PASSPORT/READER (OCR):** bi-directional swipe reader for all ICAO conform travel documents, ID cards, passports and visas according to ISO/IEC 7501-1 and ICAO 9303. Easy handling guarantees an excellent read rate and user acceptance.
- **MAG STRIPE READER (MSR):** bi-directional swipe reader for all magnetic based cards and documents, cards according to the ISO 7811 and IATA 122c, 722e, credit cards and debit cards as well as any type of customer cards and service cards.
- **E-PASSPORTS:** optional RFID module for biometric passport and Mifare card reading (available on request) according to ISO 14443 (A/B), ISO 7816 and ICAO 9303.

### Interfaces

The mini MPR is available with **USB 2.0 interface**.

**NEW** driver for ANDROID™ available 

### Display Mount

**Display mount** (optional) fit for monitors up to 21" on VESA 100 × 100 mount.

### Technical Data

Vcc: 5V +/- 5%  
Icc: max. 350 mA  
Dimensions: L 200 mm (7.8 inches) ×  
W 41 mm (1.6 inches) ×  
H 47 mm (1.8 inches)

Reliability: MTBF = 180.000 h  
Certifications: CE, FCC

A maximum of flexibility and reliability, combined with a minimum of desk space makes the new mini MPR the standard for mobile and stationary applications.
